

FIRST[®] LEGO[®] League, Jr.

2018-19

SVDP Robotics

FIRST Lego League, Junior - Grades K-3

FIRST LEGO League Jr. is designed to introduce STEM concepts to kids ages 6 to 10 while exciting them through a brand they know and love – LEGO[®].

Guided by adult coaches and FIRST Lego League Jr. Core Values, students build models using LEGO[®] Education WeDo and create Show Me posters to present what they learned. The program focuses on building interest in science, technology, engineering, and math (STEM) through a real-world challenge – to be solved by research, critical thinking, and imagination.

Turning “look at me” into “look at US!” The FIRST LEGO League Jr. season culminates with Expos where teams show off what they learned and created. -firstinspires.org/robotics/fljr

Schedule

Thursdays, 4 p.m. – 5 p.m.

September 13, 20, 27

October 4, 11, 25

November 1, 8, 15, 29
