

# SVDP Medical Absences

2020-2021 School Year

Illness-related absences should be reported to Nurse Maria, who will then communicate to teachers. If a student is out 1-2 days, it will be treated as a typical absence.

On 3rd day of absence, Remote Learning will be offered with support from Mrs. Sorrentino.

## START

Student is home sick from school.

Is a return date known?

YES

On 3rd day of absence, Remote Learning begins. Mrs. Sorrentino contacts the family to offer support.

NO

Treat the first 2 days of absence as usual. Students will make up the work when they return. On 3rd day, Remote Learning kicks in.

Families may pick up classwork for student on the 3rd day of absence.

Siblings

Siblings of SVDP students home sick should also remain home and will be marked as absent. If questions, contact Nurse Maria.

*Per the handbook, work will not be given beforehand for vacations, appointments or sports/activities, nor will Remote Learning be offered for these circumstances. Families are encouraged to quarantine after vacation if traveling out of state.*
